

Instructions for Using S&P Global Netadvantage to Find Industry Ratios

To find industry ratios using S&P Global Netadvantage:

- Go to the Library's A to Z Database List and use the alphabetized list to find S&P Global Netadvantage (<http://library.maryvillecollege.edu/az.php>); select the database.

- Once in the database, select the tab for **Industry Survey**.

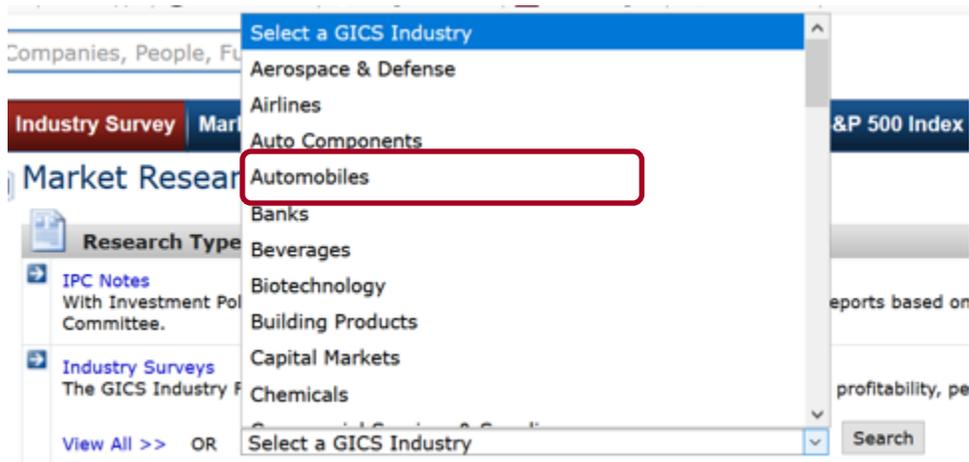

- On the **Industry Survey** page, look for the pop-up menu for Industry Surveys. Click on this pop-up to see the list of industries.

Market Research

- In the pop-up menu, look for the industry that you need (for this example, we will select Automobiles). Then click the **Search** button.

- On the next page, you will see links leading to information about the automobile industry. Look for the link **Key Stats & Ratios** (on the left side of the screen). Select the link.
